MSDS

FABRIC SOFTENER

Description

A pale blue, opaque viscous liquid with a pleasant perfume

- ✓ Restores the soft feel to fabrics
- ✓ Eliminates static cling and reduces creasing

A commercial quality fabric softener. Adds to the comfort of bed linen and garments for nursing home and hospital patients.

Directions for Use

Always dilute before adding to textiles. Recommended concentration in the final rinse water is approximately 10ml per kg of dry wash load.

Commercial laundries- use approximately 5ml per kg of dry wash load.

Dilute with water before adding to wheel. Not compatible with soaps or detergents. Use only in the rinse cycle.

Hazards

No significant hazards will occur following the correct usage of this product.

Safety Phrases

- S2: Keep out of the reach of children.
- S46: If swallowed, seek medical advice immediately and show this container or label.

Storage: Avoid extremes of temperature.

Shelf life unopened approx. 1 year.

Precautionary phrases: Safety data sheet available for professional user on request.

Note: The regulatory information given above only indicates the principal regulations specifically applicable to the product described in the safety data sheet. The user's attention is drawn to the possible existence of additional provisions that complete these regulations. Refer to all applicable national, international and local regulations or provisions.

Packaging

2 x 5ltr plastic bottles
packaged in a strong
cardboard outer.
