SPEARHEAD[®]

SAFETY DATA SHEET

compiled according to Regulation (EC) No. 1272/2008

Compilation date: 21/10/2022 Revision: 1

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

1.1. Product identifier Product name:

Product group: Product code: Spearhead Supersoft Wipes (80 wipes) Trade product SDW105

1.2. Relevant identified uses of the substance or mixture and uses advised against Identified uses: Consumer use. Cosmetic use.

1.3. Details of the supplier of the safety data sheet

Company Name:

Spearhead 4 Symington Place Riverside Business Park Irvine KA11 5DE Tel: 0345 180 1800 Email: sales@spearheadhealthcare.com

2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixtureClassification (EC) No. 1272/2008Physical and chemical hazards:Not classified.Human health:Not classified.Environment:Not classified.

2.2 Label elements

Label in accordance with (EC) No. 1272/2008 Hazard Statements: Precautionary Statements: No pictogram required. Not classified. Not classified.

2.3 Other hazards

Not classified.

3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1. Mixtures N/A.

4. FIRST AID MEASURES_

4.1. Description of first	aid measures
Inhalation:	First aid is normally not required. If heated up to high temperatures, the product may form
	vapors or fumes which may cause irritation to the respiratory tract.
Skin contact:	First aid is normally not required. If this product irritates the skin, wash with soap and water.
	Wash contaminated clothing before reuse. Use hand creams to sooth and moisten irritated
	skin. Get medical attention if irritation develops or persists.
Eye contact:	First aid is normally not required. Irrigate with copious quantity of water for 15 minutes.
	Seek medical assistance if symptoms persist.

TAKING CARE OF CARE

SPEARHEAD[®]

5. FIREFIGHTING MEASURES 5.1. Extinguishing media Extinguishing media:	Use alcohol resistant foam. Carbon dioxide (CO2). Dry chemicals.
5.2. Special hazards arising from the subst	ance or mixture
Specific hazards:	Does not ignite. Non combustible hazardous.
5.3. Combustion products	
Combustion products:	Combustion gases are similar to those from natural fibers such as wool - mostly carbon dioxide, water and oxides of nitrogen. However, carbon monoxide small amounts of hydrogen cyanide and various other toxic gases may be produced depending on the conditions of burning. In insufficient oxygen some toxic gases are produced including carbon monoxide.
Unusual fire and explosion hazards:	Nonwoven aramid spun laced fabrics are inherently flame resistant but can be ignited (limiting oxygen index for Nonwoven is approx. 28 and decreases to 21 as the temperature approaches 300 deg C). Burning normally stops when the ignition source is removed. Styles R-309 and R313 are somewhat more flammable due to their resin - pigment coating. However, they pose no unusual flammability hazard.

6. ACCIDENTAL RELEASE MEASURES

6.1. Spills and disposal

Vacuum, shovel, pick up or sweep up material for salvage or disposal. It is stable in all recommended use environments and requires no special spill handling procedures. When Nonwoven fibre is burnt, no usual combustion gases have been observed, and its combustion products are similar to those of other organic materials composed of the same elements. This product is not readily biodegradable, nor radioactive. It contains no significant percentage of materials extractable in water so its effect on ground water in case of landfill should be negligible.

6.2. Waste disposal

Product is a hazardous waste as defined by regulations implementing the Resource Conservation and Recovery Act. Since the nonwoven is essentially nonbiodegradable, do not flush to surface water or sanitary sewer system. Place in appropriate container.

6.3. Methods and material for containment and cleaning up

Not hazardous substance. Collect and put into containers and close securely.

7. HANDLING & STORAGE

7.1. Precautions for safe handling No special handling has been shown to be necessary.

7.2. Conditions for safe storage, including any incompatibilities

Store in tightly closed original container in a dry, cool and well-ventilated place. Keep away from heat, sparks and open flame.

7.3. Specific end use(s)

The identified uses for this product are detailed in Section 1.2.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1. Control parameters Data is not required.

8.2. Exposure of	controls	
Protective equ	ipment:	Goggles. Gloves.
Process condition	ons:	Provide eyewash station.
Engineering me	easures:	Provide adequate ventilation, including appropriate local
		extraction, to ensure that the defined occupational exposure
		limit is not exceeded.
Respiratory eq	uipment:	Not necessary under normal conditions.
0345 180 1800	spearheadhealthcare.com	sales@spearheadhealthcare.com

SPEARHEAD

Hand protection:	Protective gloves and goggles must be used if there is a risk of direct contact or splash.
Eye protection:	Wear safety goggles.
Other protection:	Use engineering controls to reduce air contamination to permissible exposure level. Wear appropriate clothing to prevent any possibility of liquid contact and repeated or prolonged vapour contact.
Hygiene measures:	Wash promptly if skin becomes contaminated. Promptly remove non-impervious clothing that becomes contaminated. When using do not eat, drink or smoke.

9. PHYSICAL & CHEMICAL PROPERTIES

9.1. Information on basic physical and che	emical properties
Appearance:	Solid fibre, nonwoven fabrics some resin coated.
Colour:	White.
Odour:	Odourless.
Solubility:	Information is not required.
Initial boiling point and boiling range:	Not available.
Melting point (°C):	Not available.
Relative density:	Not available.
pH value:	pH balanced.
Flash point:	Not available.
Vapour pressure:	Not available.
Decomposition temperature:	Not available.
Auto ignition temperature:	Not available.
Viscosity:	Not available.
Flammable properties:	Not available.
Partition coefficient (N-Octanol/Water):	Not available.

9.2. Other information

No information required.

10. STABILITY & REACTIVITY

10.1. Reactivity

There are no known reactivity hazards associated with this product.

10.2. Chemical stability

Stable under the prescribed storage conditions.

10.3. Possibility of hazardous reactions

Unknown.

10.4. Conditions to avoid

Avoid heat, flames and other sources of ignition. Avoid exposure to high temperatures or direct sunlight.

10.5. Incompatible materials

Not known.

10.6. Hazardous decomposition products

Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapours.

11. TOXICOLOGICAL INFORMATION		
11.1. Information on toxicological effect	S	
General information:	See the cosmetic product safety assessment for health hazards.	TAKING
Toxicological information:	Biologically inert and not harmful. Not genotoxic, carcinogenetic	
	or harmful for reproduction.	CARE
Skin corrosion/irritation:	Not available.	OF
Severe eye damage/irritation:	Not available.

Children and the standard standard state at the state of	
Skin and respiratory sensitisation:	Not available.
Germ cell mutagenicity:	Not available.
Carcinogenicity:	Not available.
Reproductive toxicity:	Not available.
Specific target organ toxicity	Not available.
– single exposure:	
Specific target organ toxicity	Not available.
 repeated exposure: 	
Aspiration toxicity:	Not applicable.
Inhalation:	Data is not required.
Ingestion:	Gastrointestinal symptoms, including upset stomach.
Skin contact:	Data is not required.
Eye contact:	May cause redness.
12. ECOLOGICAL INFORMATION	
Ecotoxicity:	The product is not classified as environmentally hazardous.
12.1. Toxicity:	No data available.
12.2. Persistence and degradability:	The polyester is stable in the environment and the cellulosics can be
	microbiologically degraded like natural products. The products of incineration with
	sufficient oxygen are water and carbon dioxide.
12.3. Bioaccumulative potential:	Not bioaccumulative.
12.4. Results of PBT and vPvB assessment	This product does not contain any PBT or vPvB substances.
12.6. Other adverse effects:	No significant effect or critical hazard known.
13. DISPOSAL CONSIDERATIONS	
13.1. Waste treatment methods:	Dispose of waste and residues in accordance with local authority requirements.
	Environmental manager must be informed of all major spillages.
14. TRANSPORT INFORMATION	
14. TRANSPORT INFORMATION General:	The product is not covered by international regulation on the transport of
General:	dangerous goods (IMDG, IATA, ADR/RID).
General: 14.1. UN number:	dangerous goods (IMDG, IATA, ADR/RID). Not applicable.
